

# Index To

## NLGI SPOKESMAN

### VOLUME XLVIII

### April 1984 — March 1985

#### Index by Authors

Adams, H.D., *Let's Turn That Monster Into a Pussycat*, 5, XLVIII, August 1984

Bergeron, J. and Chamberlin, F.E., *Construction of a Compact Automated Grease Plant*, 5, XLVIII, August 1984

Bessette, P.A., *Volatility of Lubricating Greases in Thin Film*, 5, XLVIII, August 1984

Craig, J.B., *Quality Surveillance Petroleum Packages*, 7, XLVIII, October 1984

Dumdum, J.M., Aldorf, H.E. and Barnum E.C., *Lubricant Grade Cerium Fluoride - A New Solid Lubricant Additive for Greases, Pastes and Suspensions*, 4, XLVIII, July 1984

Facchiano, D.L. and Johnson, R.L., *An Examination of Synthetic and Mineral Based Gear Lubricants and Their Effect on Energy Efficiency*, 11, XLVIII, February 1985

Fennema, R.L. and Hanley, W.J., *Engineering and Lubrication of the 1985 Automobiles*, 10, XLVIII, January 1985

Graham, S.D. and Meyers, D.W., *Today's Decision in Grease Manufacturing. . . Kettles Vs. a Contactor*, 6, XLVIII, September 1984

Hunz, R.P., *Industrial Gear Lubricants: Their Evolution and Applications*, 3, XLVIII, June 1984

Kageyama, H., Machidori, W. and Moriuchi, T., *Grease Lubrication in Elastohydrodynamic Contacts*, 3, XLVIII, June 1984

Kinoshita, H., Uemura, H. and Sekiya, M., *Mechanism of Plugging in a Centralized Grease System*, 1, XLVIII, April 1984

### VOLUME XLVIII

### April 1984 — March 1985

#### Index by Authors

Adams, H.D., *Let's Turn That Monster Into a Pussycat*, 5, XLVIII, August 1984

Bergeron, J. and Chamberlin, F.E., *Construction of a Compact Automated Grease Plant*, 5, XLVIII, August 1984

Bessette, P.A., *Volatility of Lubricating Greases in Thin Film*, 5, XLVIII, August 1984

Craig, J.B., *Quality Surveillance Petroleum Packages*, 7, XLVIII, October 1984

Dumdum, J.M., Aldorf, H.E. and Barnum E.C., *Lubricant Grade Cerium Fluoride - A New Solid Lubricant Additive for Greases, Pastes and Suspensions*, 4, XLVIII, July 1984

Facchiano, D.L. and Johnson, R.L., *An Examination of Synthetic and Mineral Based Gear Lubricants and Their Effect on Energy Efficiency*, 11, XLVIII, February 1985

Fennema, R.L. and Hanley, W.J., *Engineering and Lubrication of the 1985 Automobiles*, 10, XLVIII, January 1985

Graham, S.D. and Meyers, D.W., *Today's Decision in Grease Manufacturing. . . Kettles Vs. a Contactor*, 6, XLVIII, September 1984

Hunz, R.P., *Industrial Gear Lubricants: Their Evolution and Applications*, 3, XLVIII, June 1984

Kageyama, H., Machidori, W. and Moriuchi, T., *Grease Lubrication in Elastohydrodynamic Contacts*, 3, XLVIII, June 1984

Kinoshita, H., Uemura, H. and Sekiya, M., *Mechanism of Plugging in a Centralized Grease System*, 1, XLVIII, April 1984

Korosec, P.S. and Norman, S., *Gear Lubrication: Fifty Years of Progress*, 8, XLVIII, November 1984

Mayer, R.J., *Tractor Gear Lubrication and Testing*, 2, XLVIII, May 1984

Mitchell, C.H., *50 Years of Lubricating Grease Development in Europe*, 1, XLVIII, April 1984

Nah-Chi, Inc. V.M., *Lubricating Grease in Mexico*, 12, XLVIII, March 1985

Nierman, J.R., *What Every Grease Marketer Should Know About Grease Manufacturing: Clay Greases*, 11, XLVIII, February 1985

Park, W.A., *Manufacturing - Material & Movement*, 4, XLVIII, July 1984

Schlobohm, R.T. and Saliman, P.M., *Direct Titration of Alkali Metals in Grease*, 6, XLVIII, September 1984

Schmidt, Dr. G., *Successful Continuous Greasemaking at Peine With the OJS/BP Grease Process*, 9, XLVIII, December 1984

Scott, W.P., *Timken Machine Maintenance - A Case History*, 1, XLVIII, April 1984

Smith, R.K. and Marshek, Dr. K.M., *Lubricants Containing Dispersed Molybdenum Disulfide Improve Worm Gear Efficiency*, 2, XLVIII, May 1984

Stallings, L.L., Rebuck, N.D. and Conte, A.A., *Deuterated Synthetic Hydrocarbon Grease*, 6, XLVIII, September 1984

## Index by Titles

*Construction of a Compact Automated Grease Plant*, J. Bergeron and F.E. Chamberlin, 5, XLVIII, August 1984

*Deuterated Synthetic Hydrocarbon Grease*, L.L. Stallings, N.D. Rebuck and A.A. Conte, 6, XLVIII, September 1984

*Direct Titration of Alkali Metals in Grease*, R.T. Schlobohm and P.M. Saliman, 6, XLVIII, September 1984

*Engineering and Lubrication of the 1985 Automobiles*, R.L. Fennema and W.J. Hanley, 10, XLVIII, January 1985

*An Examination of Synthetic and Mineral Based Gear Lubricants and Their Effect on Energy Efficiency*, D.L. Facchiano and R.L. Johnson, 11, XLVIII, February 1985

*50 Years of Lubricating Grease Development in Europe*, C.H. Mitchell, 1, XLVIII, April 1984

*Gear Lubrication: Fifty Years of Progress*, P.S. Korosec and S. Norman, 8, XLVIII, November 1984

*Grease Lubrication in Elastohydrodynamic Contacts*, H. Kageyama, W. Machidori and T. Moriuchi, 3, XLVIII, June 1984

*Industrial Gear Lubricants: Their Evolution and Applications*, R.P. Hunz, 3, XLVIII, June 1984

*Let's Turn That Monster Into a Pussycat*, H.D. Adams, 5, XLVIII, August 1984

*Lubricants Containing Dispersed Molybdenum Disulfide Improve Worm Gear Efficiency*, R.K. Smith and Dr. K.M. Marshek, 2, XLVIII, May 1984

*Lubricant Grade Cerium Fluoride - A New Solid Lubricant Additive for Greases, Pastes and Suspension*, J.M. Dumdum, H.E. Aldorf and E.C. Barnum, 4, XLVIII, July 1984

*Lubricating Grease in Mexico*, Ing. V.M. Nah-Chi, 12, XLVIII, March 1985

*Manufacturing - Material & Movement*, W.A. Park, 4, XLVIII, July 1984

*Mechanism of Plugging in a Centralized Grease Lubrication System*, H. Kinoshita, H. Uemura and M. Sekiya, 1, XLVIII, April 1984

*Quality Surveillance Petroleum Packages*, J.B. Craig, 7, XLVIII, October 1984

*Successful Continuous Greasemaking at Peine With the OJS/BP Grease Process*, Dr. G. Schmidt, 9, XLVIII, December 1984

*Timken Machine Maintenance - A Case History*, W.P. Scott, 1, XLVIII, April 1984

*Today's Decision in Grease Manufacturing. . . Kettles Vs. a Contactor*, S.D. Graham and D.W. Meyers, 6, XLVIII, September 1984

*Tractor Gear Lubrication and Testing*, R.J. Mayer, 2, XLVIII, May 1984

*Volatility of Lubricating Greases in Thin Film*, P.A. Bessette, 5, XLVIII, August 1984

*What Every Grease Marketer Should Know About Grease Manufacturing: Clay Greases*, J.R. Nierman, 11, XLVIII, February 1985

## Index by Category Gear Lubricants

*Tractor Gear Lubrication and Testing*, R.J. Mayer, 2, XLVIII, May 1984

*Lubricants Containing Dispersed Molybdenum Disulfide Improve Worm Gear Efficiency*, R.K. Smith and Dr. K.M. Marshek, 2, XLVIII, May 1984

*Industrial Gear Lubricants: Their Evolution and Applications*, R.P. Hunz, 3, XLVIII, June 1984

*Gear Lubrication: Fifty Years of Progress*, P.S. Korosec and S. Norman, 8, XLVIII, November 1984

*An Examination of Synthetic and Mineral Based Gear Lubricants and Their Effect on Energy Efficiency*, D.L. Facchiano and R.L. Johnson, 11, XLVIII, February 1985

## General

*50 Years of Lubricating Grease Development in Europe*, C.H. Mitchell, 1, XLVIII, April 1984

## Additives

*Lubricant Grade Cerium Fluoride - A New Solid Lubricant Additive For Greases, Pastes and Suspensions*, J.M. Dumdum, H.E. Aldorf and E.C. Barnum, 4, XLVIII, July 1984

## Application

*Mechanism of Plugging in a Centralized Grease Lubrication System*, H. Kinoshita, H. Uemura and M. Sekiya, 1, XLVIII, April 1984

## Composition

*Deuterated Synthetic Hydrocarbon Grease*, L.L. Stallings, N.D. Rebuck and A.A. Conte, 6, XLVIII, September 1984

## Manufacture

*Manufacturing - Material & Movement*, W.A. Park, 4, XLVIII, July 1984

*Construction of a Compact Automated Grease Plant*, J. Bergeron and F.E. Chamberlin, 5, XLVIII, August 1984

*Today's Decision in Grease Manufacturing... Kettles Vs. a Contactor*, S.D. Graham and D.W. Meyers, 6, XLVIII, September 1984

*Successful Continuous Greasemaking at Peine With the OJS/BP Grease Process*, Dr. G. Schmidt, 9, XLVII, December 1984

*What Every Grease Marketer Should Know About Grease Manufacturing: Clay Greases*, J.R. Nierman, 11, XLVIII, February 1985

*Lubricating Grease in Mexico*, Ing. V.M. Nah-Chi, 12, XLVIII, March 1985

## Packaging

*Quality Surveillance Petroleum Packages*, J.B. Craig, 7, XLVIII, October 1984

## Requirements

*Engineering and Lubrication of the 1985 Automobiles*, R.L. Fennema and W.J. Hanley, 10, XLVIII, January 1985

## Rheological Properties

*Grease Lubrication in Elastohydrodynamic Contacts*, H. Kageyama, W. Machidori and T. Moriuchi, 3, XLVIII, June 1984

*Volatility of Lubricating Greases in Thin Film*, P.A. Bessette, 5, XLVIII, August 1984

## Testing

*Direct Titration of Alkali Metals in Grease*, R.T. Schlobohm and P.M. Saliman, 6, XLVIII, September 1984

*Timken Machine Maintenance*, W. Pat Scott, 1, XLVIII, April 1984

## Computers

*Let's Turn That Monster Into a Pussycat*, H.D. Adams, 5, XLVIII, August 1984
